

About the Sponsors

Oregon Interfaith Power and Light (OIPL) is a project of Ecumenical Ministries of Oregon's Interfaith Network for Earth Concerns. The mission of OIPL is to assist congregations and their members to become better stewards by improving energy stewardship and investing in clean, renewable energy. Our motto is "Generate the Future." OIPL provides presentations to congregations, training opportunities, educational materials, a green energy program and expert consultations geared to the unique needs of congregations.

For more information, call (503) 221-1054, ext. 214, or visit www.emoregon.org.

Energy Trust of Oregon, Inc. is a nonprofit, public-purposed organization dedicated to promoting efficient use of energy and generation of power from clean, renewable sources. They help Oregonians save energy, increase the comfort of their homes and improve the profitability of their businesses.

For more information, visit www.energytrust.org or call 1-866-ENTRUST. To participate in Energy Trust programs, you must be a customer of PGE, Pacific Power or NW Natural.

Oregon Department of Energy's (ODE) has a mission is to ensure that Oregon has an adequate supply of reliable and affordable energy and is safe from nuclear contaminations by helping Oregonians save energy, develop clean resources, promote renewable energy and clean up nuclear waste.

For more information, visit www.oregon.gov/energy.

A practical workshop to help congregations save money & care for the Earth

Tuesday, April 22, 2008
11 a.m. to 4:30 p.m.

Community Presbyterian Church
529 NW 19th Street
Redmond, Oregon

Presented By
Oregon Interfaith
Power & Light

EnergyTrust
of Oregon, Inc.

Oregon
Department
of Energy

Why This Workshop?

Energy efficient congregation facilities enable people of faith to be good stewards of the resources entrusted to them. Technology and financing options now exist to dramatically reduce lifetime energy costs of new congregation buildings and renovations. With enough planning and support, congregations will save money that would otherwise be spent on ever-increasing energy costs to support vital ministries and projects. By improving stewardship of energy resources, we reduce greenhouse gas emissions and pollutants generated from fossil fuels. This is a tremendous gift to future generations.

With this workshop, Oregon Interfaith Power & Light (OIPL) and the Energy Trust of Oregon hope to help congregations take advantage of the maximum number of resources at their disposal for energy efficiency results.

Topics of Discussion

- The ethics of energy stewardship
- Overview of principles of energy-efficient building
- Energy Trust of Oregon programs and resources
- How to work with contractors and architects to ensure that you get the results you want
- Generating energy on-site
- Financing and rebate opportunities available to congregations through the Energy Trust of Oregon and the Oregon Department of Energy and integrating energy efficiency with aesthetic and spiritual concerns

Registration

Cost: \$30 per individual; three or more people signing up together receive a 15% discount each. Energy Stewardship Covenant congregation members receive a 30% discount.

Call Jennifer at (503) 221-1054, ext. 203, or e-mail all information to jkam@emoregon.org.

Agenda

10:30 a.m. Registration

Welcome and Introductions

Jenny Holmes, Oregon Interfaith Power & Light (OIPL).

Putting Our Beliefs into Action Around

Sustainability. *Sr. Pat Nagle, IHM*, Earth Home Ministries, OIPL Advisory Co-Chair.

Principles of Energy Efficient Building

Doug Boleyn, Energy Consultant, OIPL.
