

# Communities of faith can support the Driver's Card and our neighbors!

There are many things, large and small, that we can all do to help pass the Oregon Driver's Card, make our roads safer, and ensure that families can stay together. Voicing your support as communities of faith can help to make Oregon a more safe and just place for all. Here are some ways you can help:

## Faith Leaders and Clergy

*You can show leadership...*

- ⇒ **Endorse the Campaign.** Sign an endorsement form and show that your community supports the campaign. Religious institutions can endorse issue campaigns regardless of 501(c)3 status.
- ⇒ **Publicly Support.** Publicly expressing that the Oregon Driver's Card upholds the values that you stand for can help in huge ways.
  - **Write a letter to the clergy**
  - **Write a press release or Op Ed** stating your support and your reasons for supporting
  - **Provide a quote of support** and allow us to use it on educational materials
  - **Reach out to other faith leaders**
- ⇒ **Communicate with your membership.** Share about the issue and why you support it with members of your faith community.
  - Include information about the Drivers Card in your newsletters and bulletins
  - Share your support on social media
  - Post information on your website
  - Share support for Safe Roads in sermons, homilies, and other messages

## Members of Congregations

*As members of the faith community, you can do a lot to support Safe Roads in Oregon*

- ⇒ **Hold information sessions about Safe Roads.** If you would like a speaker to talk about the issue with your community please contact Amanda Aguilar Shank: [Amanda@rop.org](mailto:Amanda@rop.org)
- ⇒ **Share and speak publicly about Safe Roads with your community.** Help get out the word about the ballot measure, and share information
- ⇒ **Help get out the vote.** Make sure everyone who is eligible to vote in your faith community is registered, and votes YES for Safe Roads. Partner with the Safe Roads outreach team to table outside services or during festivals. If you are interested in having a voter registration table in your community, please contact Nicole Brown, [nicole@interculturalorganizing.org](mailto:nicole@interculturalorganizing.org)
- ⇒ **Hospitality.** Show a little love to the hard working Safe Roads volunteers. Share your space for meetings, forums, and phone banks. You can also make a volunteer's day by bringing cookies and snacks to canvasses or phone banks.
- ⇒ **Show your support through social media.** Take pictures of events and forums and share what is happening with your networks and friends.
