SHALOM FOR ALL CREATION

The future of our fragile, beautiful planet home is in our hands.
As God's Family, we are stewards of God's creation. — DESMOND TUTU

2012 Theme: Environmental Justice & Faith

In linking environmental and social justice issues the environmental justice approach seeks to challenge the abuse of power which results in poor people having to suffer the effects of environmental damage caused by the greed of others.
— South African Environmental Justice Networking Forum

ABOUT THE SUMMIT

You are invited to attend a gathering of congregations throughout Oregon that will provide practical help and inspiration to care for Creation and to work for justice.

The Earth Care Summit will bring together the best resource people and organizations all in one place. Your congregation will be inspired by environmental justice initiatives and projects in Oregon and gain the tools needed to work towards environmental justice in your own community.

Learn how your congregation can

- Improve indoor air quality at home and at your congregation.
- Advocate for equitable food and transit systems.
- Conduct a healthy and sustainable food drive.
- Save money while supporting green energy jobs.
- Give new life to contaminated land.
- Support environmental justice in your community, and much more.
